<p><b>Brief description of the Transnational cooperation:</b></p> <ol style="list-style-type: none"> <li><b>1. Problems to be solved</b> (justification of the need of the transnational cooperation) We want our participants to get experience of working in a creative way there all members come with ideas how to get a project going forward. So we want them to take initiatives and be self-going in a working situation.</li> <li><b>2. Objectives to be achieved</b> We like to find a partner that we could have a tight connection with. We like to get experience from abroad how to work in creative businesses. And in the end we want our participants to believe in their own strengths to a higher degree than today.</li> <li><b>3. Main transnational activities</b> (as provisionally planned, to be confirmed with partners) Familiarisation visits, practical placements etc.</li> <li><b>4. Planned outputs, deliverables, results of TNC; expected outcomes (effects)</b> That our participants get higher confidence, so they try to reach jobs that they didn't believe they could get.</li> </ol>
